

livingmadeeasy.org.uk

To list with DLF for the first time, go to our Living Made Easy website and follow the contact us link on the Local suppliers page², here. You will need to complete some basic details about your business. Once signed up with us you will need to tell about the key features of your business such as whether you have parking or offer telephone ordering etc.

Promoting local retailers

The DLF promotes local retailers through all our online services and local retailers can provide their details to us. It is particularly valuable to have details of local retailers in support of our local authority licensed versions of Ask SARA, as they like often like to highlight links with local businesses.

One update ensures visibility throughout DLF's services

It's everybody's job from time to time suppliers may become aware that a product is no longer being sold or that a supplier is no longer selling a product. The DLF welcomes calls that help us update the records. We encourage people to engage with us and get in touch if they know that something is out of date before the review date.

To make changes to your details, contact our Data Services team: call 020 7289 6111 or email marketing@dlf.org.uk
